★

This exhibition also marks the launch of our
Artist Tool Drive

Please bring a tool or tools, old or new, large or small, manual or electric, for artists living in Haiti. They need them! We don't know who said it but some observant person remarked:

If you give a Haitian a tool, he will build something with it.

We will be collecting tools until November 1, 2011.

We are also looking for sponsors to help pay for the cost of shipping the tools to Port-au-Prince.

A distribution system is already in place. All ideas, referrals or funds are requested and welcome. If you cannot bring a tool the night of the opening, feel free to come by any time of the day and deposit your donation in the bed of Pascal's white Chevy pick-up truck in the driveway. No appointment necessary. If you cannot bring a tool, please consider donating any amount toward the shipping cost. A donation box will be available the night of April 2nd; or you can mail a check to Galerie Lakaye. Please mark it **Tool Drive**.

Please pass the word along to anyone you know. Everyone has old tools sitting around in their garage. Please put them to good use. They will go a long way in the hands of artists in Haiti. Thank you!
